

Flowy for Developers

FIELD GUIDE: FLOWY FOR DEVELOPERS

Lesson 5 · Lesson guide

With Ritesh Bucha, Founder, Flowy

The *goal*

Recall the three ways into Flowy from outside the app, the generations request and response, and where to watch spend and errors.

Step by *step*

Prompts and *settings*

- Open API keys: <https://tryflowy.ai/settings/api-keys>

Common *mistakes*

- Mixing up the generation id and the run id: generations poll `/v1/generations/{id}`, Flows poll `/v1/runs/{runId}`.
- Sharing one uncapped key across every script.
